Brief idea of GoVan

GoVan word depict Goan products and Van indicates Forest. GoVan product will be locally grown products which will reflect Goan identity.

Some of the interventions of project is value additional Forest produce, Fishery, Agricultural and Horticultural products and other found in Goa such as Jackfruit Chips, Pickles, Hardbroom etc. which will support livelihood and lead to conservation of biodiversity of indigenous species. Hence, logo should depict all the interventions.

Brief idea of Climate change

Goa has been witnessing change in climate with variation in temperature, rainfall, sea level rise, erosion, landslides, flash floods etc. To deal with the climate change, vulnerability and derive adaptation and mitigation measures, state action plan is being prepared under a climate change, hence logo should depict all the interventions.
