

STATE LEVEL CELEBRATION
(Virtual Celebration)
of
International Day for Biological Diversity (IDB) - 2020
by
GOA STATE BIODIVERSITY BOARD

Theme of IDB-2020 is **“Our Solutions are in Nature”**.

The Goa State Biodiversity Board (GSBB), in association with Ministry of Environment, Forest and Climate Change & National Biodiversity Authority held the State Level celebration of the **International Day for Biological Diversity (IDB)** on 22nd May 2020, by conducting a webinar on the IDB-2020 Theme “Our Solutions are in Nature”. The virtual celebration was held due to the prevailing COVID-19 Pandemic.

The webinar commenced with the biodiversity song. **Dr. Pradip Sarmokadam, Member Secretary**, Goa State Biodiversity Board, in his welcome address explained the relevance of the IDB- 2020 theme **“Our Solutions are in Nature”**.

The pre-recorded video message by **Shri. Nilesh Cabral, Hon’ble. Minister for Environment, Goa & Chairperson, GSBB** briefing on biodiversity of Goa and on IDB 2020 theme and prevailing COVID-19 Pandemic. He informed about the constitution of 100% Biodiversity Management Committees (BMCs) and Peoples' Biodiversity Register (PBR) across Goa, followed by online launch of **‘Multipurpose Processing Centre’** under the Project **“Biodiversity Conservation through livelihood Intervention with ‘GoVan’ brand”**.

Pre- recorded message By Shri. Nilesh Cabral, Hon'ble. Minister for Environment, Goa & Chairperson, GSBB

Webinar was inclusive of declarations of the winners of the competitions held to commemorate the World Wetlands Day by the Goa State Wetland Authority (GSWA) and announcement of winners of the YuvaJagruti2020 Pre-IDB competitions followed by short interactive session & discussion with experts from Goa, GSBB's Thematic Expert Committee Members, BMC Chairpersons & members and Members of Goa State Biodiversity Board.

Short informative videos and photo clippings of individuals felicitated by GSBB for their work in the field of Biodiversity were also part of this webinar. The individuals felicitated includes **Mrs. Bhagirathi Kharvat**, from Malpe, Pernem for seed preservation and her traditional knowledge, **Shri. Shrikant Priolkar**, for restoration of traditional bund by motivation of locals in Chodan-Madel island and two youngsters from Savoi Verem, **Miss Devata Naik & Sankalp Naik**. A short film on innovative method of control of human animal conflict measures adopted to control monkey menace by **Shri. Vinod Barve** was screened (Short film is in local language with English subtitles).

Felicitatation of Mrs. Bhagirathi Kharvat

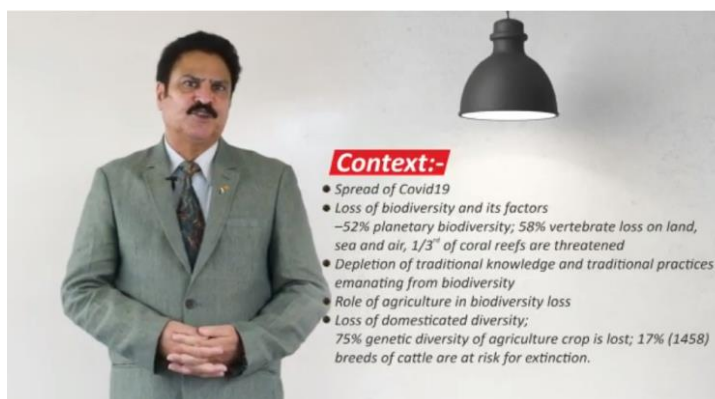

Felicitatation of Shri. Shrikant Priolkar

Felicitation of Miss Devata Naik & Sankalp Naik by the hands of SavoiVerem BMC Chairperson and Member.

Pre recorded sessions by **Dr. Rakesh Shah**, Vice chancellor of Himalayiya University Dehradun, Uttarakhand, He briefed on IDB-2020 theme and highlighted on Pandemic COVID-19, loss of biodiversity and its factors, depletion of traditional knowledge and traditional practises. Further he urged the participants that they should understand the natureand practice traditional methodsof agriculture and follow traditional knowledge and for this documentation in the form of PBR and its scientific validation is very important.

Online session by Dr. Rakesh Shah

Dr. Pushpa Kumar Lakshmanan, Faculty of Law, University of Delhi briefed on implications of amendments proposed for the Biological Diversity(BD) Act,2002 and Biological Diversity Rules 2004 with respect to roles of BMCs. He discussed on Nagoya protocol and briefly explained about BD Act. He congratulated Goa State Biodiversity Board for doing great work for implementing Biodiversity Act.

Online session by Dr. Pushpa Kumar Lakshmanan

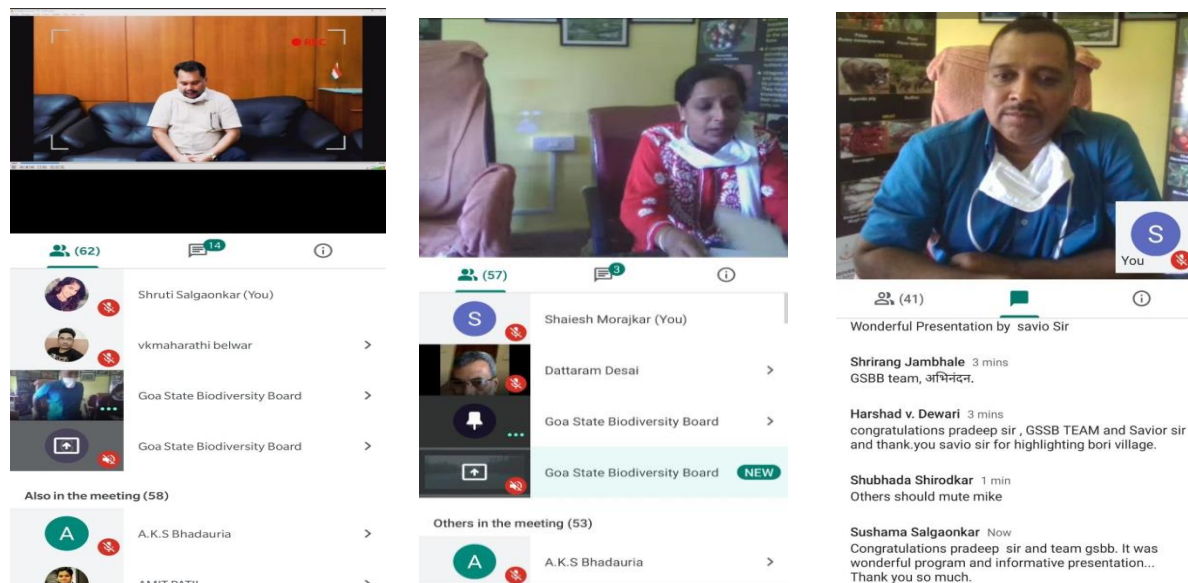

Local expert **Shri. Savio Fonseca**, Chief Naturalist-Avocet & Peregrine, author of the book, "Photographic guide to Birds of Goa". In his impressive session, he highlighted different bird habitats, important birding hotspots of Goa and importance of birds to humans and also mentioned about bird mortality being indicative possibility of disease outbreak. The professional presentation with exclusive pictures and video clips of birds made it very interesting.

Online session by Shri. Savio Fonseca

The webinar was well attended by participants from across the State and Country with some international presence too. The vote of thanks was proposed by Shri. Parag Rangnekar, Expert Member, GSBB and the program was compered by Adv. Joyce Rodrigues, Legal Assistant GSWA.

SCREEN SHOTS INDICATIVE OF PARTICIPATION DURING WEBINAR

Photography & Video Film Competitions: GSBB has also invited entries from across Goa State for the Photography and Video film competitions. The last date for receipt of the same is 1st June 2020.

“सैम दिता सगळो उपाय, सैम दिता सगळो जागो”

Shri. Nilesh Cabral

Warm greetings to all the people of Goa on the occasion of International Day for Biological Diversity 2020

United Nations General Assembly adopted 22nd May as The International Day for Biological Diversity (IDB), and this day is being celebrated worldwide every year since then with different themes. The theme adopted for this year is “Our Solutions are in Nature”. The theme emphasizes that nature with its bounties has all the answers to the challenges faced by humanity.

We depend on biodiversity not only for food, medicine, recreation and life support but we are integrated part of web of life. We shall survive only if our surroundings are conducive and all other species are surviving sustainably.

Let us all pledge to conserve ecological heritage for economic prosperity and explore nature for our solutions.

“सैम दिता सगळो उपाय, सैम दिता सगळो जागो”

श्री. नीलेश काब्राल

आज आंतरराष्ट्रीय जैवविविधता दिन २०२० यानिमित्त गोव्याच्या सर्व लोकांना हार्दिक शुभेच्छा.

संयुक्त राष्ट्र महासभेने २२ मे हा आंतरराष्ट्रीय जैवविविधता दिवस (आयडीबी) म्हणून जाहीर केला आहे आणि हा दिवस वेगवेगळ्या घोषवाक्यांसह दरवर्षी जगभर साजरा केला जातो. यावर्षीचे घोषवाक्य आहे “आमच्या समस्यांचे निराकरण निसर्गात आहे” या घोषवाक्यावर जोर देण्यात आला आहे की निसर्गाच्या उदारतेसह मानवतेसमोरील सर्व समस्यांचे उपाय आहेत, असे स्पष्ट होते.

आम्ही जैवविविधतेवर अवलंबून आहोत फक्त अन्न, औषध, कसमजूस आणि जीवन आधारकर नव्हेत तर आम्ही जीवनाच्या साखळीचा एकत्रित भाग आहोत. जर आपल्या सभोवतालचे सर्व जैविक घटक सुदृढ असतील तरच आपण सुनिश्चितपणे जगू शकतो.

चला, आपण सर्वांनी आर्थिक समृद्धीसाठी पर्यावरणीय वास्तव जतन करण्याचे आणि आपल्या समस्यांच्या निराकरणासाठी निसर्गाचे अन्वेषण करण्याचा संकल्प करूया.
