"सैम दिता सगले उपाय, सैम दिता सगल्यो जापो"

Warm greetings to all the people of Goa on the occasion of International Day for Biological Diversity 2020

United Nations General Assembly adopted 22nd May as The International Day for Biological Diversity (IDB), and this day is being celebrated worldwide every year since then with a different themes. The theme adopted for this year is “Our Solutions are in Nature”. The theme emphasizes that nature with its bounties has all the answers to the challenges faced by humanity.

We depend on biodiversity not only for food, medicine, recreation and life support but we are integrated part of web of life. We shall survive only if our surroundings are conducive and all other species are surviving sustainably.

Let us all pledge to conserve ecological heritage for economic prosperity and explore nature for our solutions.
